*Project Leadership will help your organization successfully deploy and manage your entire desktop and server infrastructure, leveraging best of breed technology and industry leading guidance.*

### Jumpstart your way to Windows 7

*Provide a cost effective approach to getting your Windows 7 initiatives started.*

Project Leadership Associates is proud to offer a series of jumpstart offerings for customers to quickly get beyond the learning curve of deploying Windows 7 into their environment. These offerings are designed to be short term, fixed price engagements focused on specific components of a Windows 7 Optimized Infrastructure. Your staff will also be educated on the tools and processes associated with the implementation of the jumpstart offering selected. At the end of the engagement, your staff will have gained valuable first hand working knowledge and key best practices for the processes involved to deploy the selected solution.

#### Jumpstart Offerings

- System Center Configuration Manager (SCCM)
- Windows 7 Image Creation & Management & Deployment - Microsoft Deployment Toolkit (MDT)
- Application Compatibility Toolkit (ACT)
- Microsoft Application Virtualization (App-V)
- Microsoft Enterprise Desktop Virtualization (MED-V)
- Group Policy Preferences (GPP)\*
- Remote Desktop Services (RDS)
- Virtual Desktop (VDI) Jumpstart

A 10% discount is available when you participate in more than one jumpstart offering. These are pre-scoped engagements, modifications to scope may result in cost changes.

#### Benefits

- Jumpstarts are value priced at \$7,000 per module (*\*with the exception of the Group Policy Preferences offering which is valued at \$4,200*).
- Get your Windows 7 initiatives started right by leveraging our cost effective approach.
- Provide your staff with access to subject matter expertise with real world experience.
- Create a well planned and engineered solution for your Windows 7 infrastructure.
- Provide your organization with deeper knowledge on specific components required for an optimized Windows 7 environment.

For more information regarding any of these Jumpstart Offerings or to learn about the tools and processes available for streamlining your planning and deployment of Windows 7, please contact Gordon Dunkley at [GDunkley@projectleadership.net](mailto:GDunkley@projectleadership.net) or call (312)286-6602.
