

 **MICROSOFT SOLUTIONS**

## Integrate and customize Microsoft's platform of software solutions to meet your business needs.

PLA works with businesses to leverage Microsoft's powerful platform of software solutions for seamless integration and productivity advancements across the entire enterprise. From management to finance, operations, human resources, and IT departments; Microsoft's software solutions can help every level of your business organization achieve greater levels of efficiency and profitability. PLA has the expertise to help you find the right solution and customize it to fit your needs.

As a Gold Certified partner under every major competency, PLA is unique in its depth of Microsoft experience across strategy and execution, business operations, applications and infrastructure solutions. And as a part of Microsoft's select National Systems Integrator (NSI) program, we are one of only a handful of firms who get a first look at new upgrades and developments. With this in-depth knowledge and experience, we are able to insure that our clients always stay ahead of the curve on important advancements and provide an important voice into the Microsoft on how to create better applications to meet your needs.

 **MICROSOFT SOLUTIONS****STRATEGY & EXECUTION**

To help fill the gap that often exists between a company's strategy and what actually happens day-to-day, you need a comprehensive plan that allows for seamless execution to turn a company's vision into reality.

**BUSINESS OPERATIONS**

The better your organization is able to combine best-in-class and enterprise wide strategies, processes and technologies with highly qualified and trained people; the more effective you will be able to operate.

**APPLICATIONS**

Making the right application choice is just the beginning because the full value of any software tool can only be derived through effective implementation, management and customization to meet your specific business needs.

**INFRASTRUCTURE**

Maintaining a robust and unshakeable technology infrastructure is an important backbone of every business organization. Equally as important is making sure that this infrastructure is effectively optimized for peak performance, management and security.

**Project Leadership Associates**

PLA is a business and technology consulting firm that empowers small, middle-market and enterprise organizations with services across four core solution groups: 1.) Strategy & Execution; 2.) Business Operations; 3.) Applications and 4.) Infrastructure. We focus on delivering all of our services with industry leading thought-leadership, seasoned senior consultants and strong business understanding. We are proud of our organizations accomplishments, but even more proud of our clients success.

Our people are passionate about the strategy and technology solutions they develop, the success of the projects on which they work, and the clients with whom they work. We work hard to develop customer relationships built upon mutual respect and innovation, while emphasizing businesses and technical excellence in everything we do, so each project delivers maximized value and return to the client.

PLA has been consistently ranked among *Crain's Chicago Businesses'* Fast 50 and Everything Channel's CRN Fast Growth 100 List as an annual recognition of our growth, performance and for maintaining profitability since its founding in 1998. PLA was also recently honored with the *Microsoft Central Region FY08 Partner Award for Marketing Excellence* due to our success in driving Microsoft Unified Communications solutions in the marketplace.

With headquarters in Chicago and branch offices in Houston, PLA is uniquely poised to offer a broad array of solutions that work collaboratively with clients to help them realize substantial results. If you are interested in learning more about how we can help you with your business and technology needs, please explore our Web site at [www.projectleadership.net](http://www.projectleadership.net) or contact Douglas Klatt at 312-441-0077.
