PROJECT LEADERSHIP ASSOCIATES TO ATTEND MASTERS CONFERENCE

October 1, 2010 – Project Leadership Associates will be attending this year's [Masters Conference for Legal Professionals](#) from Oct. 4 to Oct. 6 in Washington, D.C. The Master's Conference is a valued and growing thought leadership forum where leading experts and professionals from law firms, corporations, consultancies, technology providers and the bench convene to develop strategies, practices and resources for managing the information life cycle. As one of the country's most respected information technology firms servicing the legal market, PLA is pleased to share its knowledge with other legal and technology professionals in such a proactive, collaborative environment.

If you will be at the conference, we are available to meet with you to discuss our EDRM-spanning e-discovery solutions, as well as our litigation readiness and records risk management offerings.

To schedule a meeting during the conference, please contact our Litigation Solutions group leader, Bruce Malter, at bmalter@projectleadership.net or via phone at (312) 479-5386.

We hope to see you there.
